Subject: RE: HWWA CONFERENCE - BWS Presenting Red Hill Perspective - 14 Oct 15

Hi Agnes,

Thank you for all your help in getting the Ed Board arranged our folks thought it went well and so did I, now we just have to see what they write.

Next Red Hill item is the state's Red Hill Task Force meeting on Oct. 30. I would anticipate media there, as the TF was set up by request of the state legislature. Not sure if it will be a continuing thing as there is now the AOC, but who knows, it may turn into the forum to inform about milestones on the AOC?

Thanks!

Aloha, Dean and Janice.

Thanks again for your support and participation at today's Editorial Board. I'll stay in touch with Lucy to see if/when they run anything.

Meanwhile, BWS is hosting a conference on water security Oct. 14-16 in case you're not already aware. "Red Hill Fuel Tank Issues" will be presented by BWS at 2:15 tomorrow.

"October 14, 2015 through October 16, 2015 - HWWA - 2015 Annual Conference

The Honolulu Board of Water Supply cordially invites you and your staff to the 2015 annual HWWA Conference in Honolulu. The title for this year's conference is Water Security: It's More Than You Think. Water security can mean many things. It's about not only protecting the resource from degradation and contamination and infrastructure from man-made and natural disasters, but also ensuring you can perform your day to day business efficiently and affordably. Thus, we've created a varied schedule of informative workshops that will be of interest to anyone involved in our local water utility industry. "

Mahalo,
Agnes
